

Rock Bit Notes:

* = Made to order only

Due to Manufacturing tolerances, the actual bit diameters could exceed the nominal diameters given in this catalog by .090". This along with certain rock conditions could affect hole size desired.

Bits required to drill a specific tolerance hole are available on request. Consult factory for price and availability.

If a bit size or configuration does not appear in this catalog call customer service for assistance.

SINGLE PASS TAPER BITS

BIT DIAMETER INCHES MM		Taper Type			Weight	
		7/8" - 11°	7/8" - 12°	1" - 11°	Pounds	Kilograms
1-1/4"	32	1-1/4BTS11-7/8	1-1/4BTS12-7/8		.38	.17
1-3/8"	35	1-3/8BTS11-7/8	1-3/8BTS12-7/8	1-3/8BTS11-1	.42	.19
